Term 1, Week 6

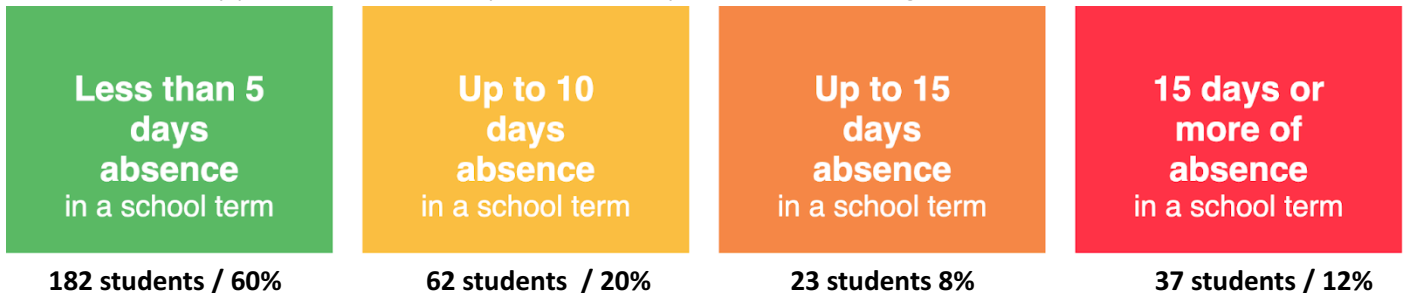

Dear Whaanau

I hope you have managed to pop into school for today's open afternoon. We have invited whaanau to visit classrooms and explore our space from 1:30 - 2:30 today. Having whaanau hang out at school for longer than just a pick up or drop off is a great way to celebrate our learning. If you didn't get the chance to visit today, watch out for another opportunity next term.

Attendance

The Ministry of Education is continuing with its push to have 90% of students at school 90% of the time. We are extremely proud of our whaanau who are working to have their children at school everyday. We understand that this isn't always possible so we also love how you are super organised and are ringing school and letting us know about sickness and family plans. We are already ahead of last year's data which is great news.

Winter Sports

Many sports for children are now played through clubs. Please look across our wider community for the clubs your children can play for. For many sports teams based in clubs they will require parents' help to coach and manage teams. If you are keen on your children playing sport you will need to step up and help out. Here at school we have our miniball and netball teams up and running. It's great to hear from Matua Willard and Whaea Ruth in assembly each week as they celebrate their successes and learning.

Roadside Parking

Our parking signs by the crossing are doing a terrific job keeping the line of sight clear for our patrollers. They are working hard to make our crossing safe and are thankful for the help our whaanau are giving by slowing down and parking carefully. They would like to remind you that indicating when you pull in and out of car parks helps them do their job as well 😊
